

The sections below provide additional information about the support codes that appear on CDCN’s weekly habilitative service progress report. Habilitative caregivers should be familiar with the codes, as well as how to use them, to ensure that client progress is accurately recorded and reported.

### SUPPORT CODES

Service Type	Support Codes		
<b>DH</b> = Day Habilitation <b>IH</b> = In-Home Support <b>SL</b> = Supported Living	<b>I</b> = Independent/no assistance required	<b>PC</b> = Physical cues*	<b>V</b> = Verbal cues*
	<b>M</b> = Modeling*	<b>PS</b> = Protective supervision	<b>Other:</b>
	<b>N/A</b> = Not attempted/unable to attempt	<b>R</b> = Refused/non-compliant	<b>Other:</b>
	<b>P</b> = Physical assistance	<b>U</b> = Attempted but unable to complete	<b>*</b> = Requires frequency (for example: V3)

### SUPPORT CODES TO USE WHEN A CLIENT COMPLETES AN OBJECTIVE

<p><b>Less Support</b></p>  <p><b>More Support</b></p>	<ul style="list-style-type: none"> <li>• <b>I: Independent/no assistance required</b> - the caregiver did not help the client to complete the objective—the client completed the objective <u>without assistance of any sort</u>.</li> <li>• <b>PS: Protective supervision</b> - the caregiver provided close observation or oversight of the client <u>while the client was otherwise independently completing the objective</u> to ensure that the objective was performed safely, correctly, and successfully.</li> <li>• <b>PC: Physical cues</b> - the caregiver provided gentle touches (for example, on the client’s hand or shoulder), pointed, or showed objects (for example, a picture book) to prompt the client to complete the objective.</li> <li>• <b>V: Verbal cues</b> - the caregiver provided spoken reminders or directions to prompt or assist the client to complete the objective.</li> <li>• <b>M: Modeling</b> - the caregiver provided physical demonstrations to prompt the client to complete (or to guide the client through completing) the objective.</li> <li>• <b>P: Physical assistance</b> - the caregiver provided direct physical help while the client completed the objective.</li> </ul>
--	---

### SUPPORT CODES TO USE WHEN A CLIENT DOES NOT COMPLETE AN OBJECTIVE

- **N/A: Not attempted/unable to attempt** - the caregiver did not provide assistance of any sort, and the client did not attempt (or was unable to attempt) to complete the objective.
- **U: Attempted but unable to complete** - the caregiver provided assistance of some sort (for example, physical or verbal cues) while the client attempted to complete the objective, but the client was unable to complete the objective.
- **R: Refused/non-compliant** - the caregiver provided assistance of some sort (for example, physical or verbal cues), but the client refused to attempt to complete the objective (or was non-compliant with directions).
