- Toileting and continence care
- Medication administration
- Dressing
- Eating

Personal care services also assist with Instrumental Activities of Daily Living, including:

- Laundry

This extra bit of help can make all the difference in you staying healthy and maintaining your quality of life.

Chore and Respite

When you need help because of age or disability, maintaining your home and finding relief for your caregiver often becomes a difficult task. The Care Network provides assistance with these challenges through our chore and respite care programs.

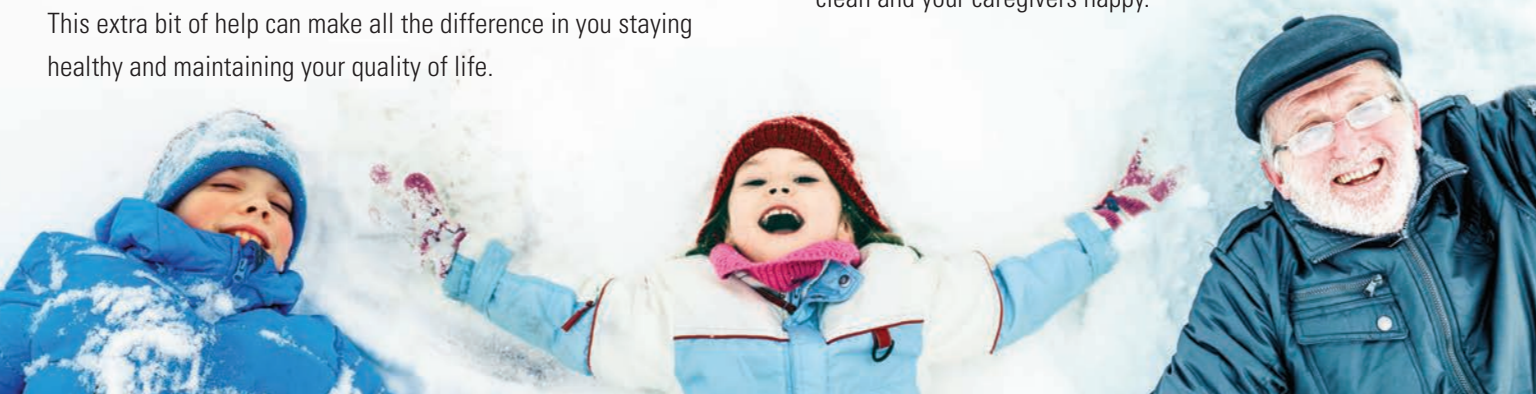

Chore services helps you stay safe in your home by assisting with the following tasks:

- Cleaning living spaces (dusting, sweeping and vacuuming floors, taking out garbage)
- Preparing, serving, and cleaning up after meals
- Washing, folding, and ironing clothes
- Shopping for groceries and supplies
- Changing linens and making beds

Respite care services provide relief for primary caregivers by assisting with the following tasks:

- Socialization and companionship

- Personal care

This help can go a long way toward keeping your home safe and clean and your caregivers happy.
